Three steps to preparing your article for submission

Step One

Follow the [article guidelines](#) for your specific article type, whether it's a research article, essay, brief report, study protocol, data note, etc.

Step Two

Make sure you adhere to the appropriate [ethical policies](#) and [reporting guidelines](#) for your study.

Step Three

Make sure you correctly format, de-identify, and deposit your data, as per Open Research Europe's [Open Data policy](#).
